| <b>Fiberglass Pipe &amp; Ducting</b>         | <ul style="list-style-type: none"><li>• 1" to 12' diameter, up to 4,000psi and to 275°F</li><li>• ABS-approved Marine Piping</li><li>• Chemical resistant, abrasion resistant and double wall piping</li><li>• Dual laminate (plastic-lined fiberglass) piping</li><li>• Fiberglass duct and dampers</li><li>• PTFE-lined metallic pipe fittings</li></ul>   |
| <b>Tanks &amp; Vessels</b>                   | <ul style="list-style-type: none"><li>• Fiberglass storage vessels, scrubbers and specialty equipment from RTP-1 certified shops</li><li>• Large diameter vessels and equipment, up to 120' diameter</li><li>• Underground FRP Storage Tanks – UL Listed</li><li>• Field repair &amp; erection services</li><li>• Dual laminate (plastic-lined fiberglass) vessels and specialty equipment</li></ul> |
| <b>Composite Ball &amp; Butterfly Valves</b> | <ul style="list-style-type: none"><li>• 1" to 10" dia. ball valves, 2" to 42" dia. butterfly valves, ball and swing check valves, 3-way port valves</li></ul>  |

## Industrial Flooring & Containment Systems

- **Concrete Polymer Floor Toppings**
  - **Acid Brick & Tile Systems**
  - **Anchored Thermoplastic Lining Systems**
  - **Polymer Grouts, Mortars & Setting Bed Materials**
- 
- Emergency pipe repair and leak control products
  - Teflon expansion joints, available in ½" to 42" diameter, 2 through 12 convolutions
  - Sight-flow indicators with safety shields
  - Teflon-lined dip tubes & spargers, vessel accessories, custom-lined fittings and teflon-lined strainers
  - Pipe fitting safety shields
  - Chemical hoses & gaskets
