ABOUT US

Founded in 1960 by Bill Mascott Sr. and Jack Wright, Mascott Equipment Company is a petroleum equipment distributor headquartered in Portland, Oregon. We specialize in the sales, service, testing and installation of the petroleum dispensing, lubrication equipment and corrosion control products. We service our customers from four locations throughout the Pacific Northwest, Alaska and Pacific Rim. In addition to our branch locations, we have 60+ remote service and sales professionals.

Our success was built over 60 years of relationships with our customers along with partnering with the most respected manufacturers in the retail, commercial, aviation and industrial fields. Our sales professionals have a working knowledge of the products we represent and a factory certified service staff to support our customers.

OUR MISSION

The overriding mission of Mascott Equipment Company is to be recognized as an authority and source of high-quality dispensing and storage equipment.

We specialize in the design, sales and service of fueling station/C-store equipment for our retail customers throughout the Pacific Northwest and Alaska. Our product knowledge, our strong service support as well as our ability to handle our customer's project from start to finish has made Mascott an industry leader. Our company maintains four strategic warehouse locations with an extensive inventory. Our proximity to our customer base allows for fast shipping and service.

State of the art

Advanced technology that drives profit.

WAYNE OVATION™ FUEL DISPENSER

Loyalty starts at the pump.

When a customer has a great fueling experience—one that is clean, fast, secure, and friendly—not only is that customer more likely to return, but they are also more likely to step inside for a soda, magazine, lottery ticket, or candy bar. The Ovation fuel dispenser is easy to use and just as easy to own... it's durable and easy to maintain, while integrating flawlessly into your IT and payment systems.

High brandability. High styling. High engagement.

METER CALIBRATION

HOW MUCH ARE YOU GIVING AWAY?

INACCURATE METERS CAUSE THE LOSS OF **THOUSANDS** OF DOLLARS EACH YEAR, EVEN WHEN THEY ARE WITHIN ACCEPTED STATE TOLERANCE LEVELS.

HERE'S AN EASY WAY TO CALCULATE YOUR **LOST PROFITS:**

AT \$3 PER GALLON

ONE CUBIC INCH OF FUEL = 1.3 CENTS

250,000 GALLONS PER MONTH = \$649.35

APPROXIMATE ANNUAL LOSS = \$7,792.20

CALL OUR SERVICE DEPARTMENT TO SCHEDULE YOUR CALIBRATION
