

Fluid Transfer Hand Pump

GPI138000-02

- ◆ Lever action diaphragm pump with lockable handle
- ◆ For use with gasoline, diesel, kerosene, medium oil, hydraulic fluid
- ◆ Flow rate: up to 20 gallons per 100 stroke cycles
- ◆ Housing material: Corrosion resistant aluminum
- ◆ Hose: N/A
- ◆ Mechanical connections:

Inlet - 1" NPT
Outlet - 3/4" NPT
Mounting - 2" NPT

\$205

Fuel Transfer Pump 12v DC

- ◆ For use with gasoline, diesel, kerosene, ethanol blends
- ◆ Housing material: Corrosion resistant diecast aluminum
- ◆ Hose: 12'
- ◆ Flow rate: 15 gpm
- ◆ Nozzle: Automatic
- ◆ Power cord: Installed
- ◆ Suction Pipe: Included
- ◆ Mechanical connections:

Inlet - 1" NPT
Outlet - 3/4" NPT
Mounting - 2" NPT

\$395

GPI110000-100

Goldenrod Filters

- ◆ For use with gasoline, diesel, gasohol, ethanol and various fuel oils
- ◆ Replaceable element removes microscopic particles of contaminants (rust, sand/dirt, scale and lint)
- ◆ Includes a top cap, bowl and element

DL495
Filters out up to 10 microns
\$45 each

DL496 Water Block
Filters out up to 17 microns
\$50 each

Call us for Repair and Maintenance Services!

Our factory trained technicians and electricians are experienced and knowledgeable. We are available 24 hours a day for emergency repairs. In addition, you can easily contact us to schedule maintenance and repairs for:

- ◆ Hanging hardware replacement
