The Dispenser That Does Everything

Wayne Ovation® fuel
dispenser with Anthem UX®
platform

Welcome to the future of fuel dispensing

The DFS Anthem UX® platform is destined to revolutionize every aspect of the customer experience. From touchscreen, wireless, recognition, media, security, contactless payment options and more – to making the fueling experience fast, easy, relevant, and fun. The Anthem UX® platform, without question, is born, imagined, and designed to impress. It offers customers unsurpassed functionality and retailers unlimited opportunities.

Meet the BT9000™

✓ Fully Functional In-Pump EMV

Bulloch implemented EMV at the pump in 2010, were the first in North America, and are fully deployed

✓ Simplicity/Stability

The user interface is designed to optimize cashier efficiency. With 30 years of continuous evolution, we have evolved

✓ Loyalty Program Experts

Conexus and proprietary loyalty interfaces currently supporting multiple simultaneous loyalty programs

verifone C18

● Purpose-Built for Multi-Purpose

Serve your customers efficiently with a tap or flip of the screen. The C18 can be used as both the cashier-facing POS and customer-facing self-checkout kiosk.

● Simple to Set Up and Use

Get up and running sooner with easy out-of-the-box installation and Commander integration. Customize the point of sale screen layouts to fit your business and increase throughput

● Improved Speed and ROI

Boost your speed, efficiency, and ROI with flexible use cases, site control at a touch, and an intuitive screen design

EVO™ Series

We are driven by our pursuit to innovate, simplify, secure, and connect every station owner to their fuel management system. The EVO™ Series features simple setup, operation, and remote connectivity to keep you directly connected to vital site data whenever, and wherever.

ProGauge MagLink

At Dover Fueling Solutions® (DFS), we believe that you deserve the best. We offer a comprehensive range of tank gauge consoles, designed to deliver the perfect level of functionality for your fuel business, whatever the size or purpose.

It's Time to PWR Up

A long-time leader in advanced fuel dispensing equipment, Dover Fueling Solutions® brings quality, innovation, and reliability to EV charging with the Wayne PWR™ DC fast charger.

- **Engineered for all-weather durability** with a rugged design, emphasizing strength capability and a familiar functional aesthetic
- **Generate new revenue streams.** With recent reports seeing over 20%* of all vehicles bought being EV in Washington, capitalize on the large EV market
- **Unrivaled manufacturing quality** with the 130+ year Wayne legacy of excellence and innovation
- **Comprehensive service** with Mascott Equipment makes the process easy. After installation, we offer a variety of services so it stays up and running
