ONE NUMBER TO CALL!

Mascott extends an invitation to learn more about our company and how we can better serve your fueling equipment & service needs.

EQUIPMENT SALES

Serving the Pacific Northwest & Alaska, we specialize in Equipment Sales, Site Design, and Financing for Retail & Commercial Fueling stations. Our expansive product knowledge, strong service support after the sale and the ability to handle our customers' projects from start to finish has made Mascott an industry leader since 1960. Our company maintains five strategic warehouse locations, each stocked with extensive inventory. Our proximity to our customer base allows for fast-shipping and service.

24/7 SERVICE MAINTENANCE

Mascott offers our customers both technical & mechanical services on a 24/7 basis. As a factory authorized service provider, we are on-call to support your service & environmental needs. We recognize the investment in your equipment and the importance of minimizing downtime. Our service fleet covers the four Northwest states and Alaska. Our fully stocked trucks minimize response time to get your site back in operation. Mascott services all nationally recognized manufacturers in the petroleum equipment industry.

COMPLIANCE TESTING SERVICES

With the ever-changing rules in both State and Federal regulating agencies, rely on Mascott to keep your fueling station in compliance. Our certified team of technicians will save you time and money, keeping your site in business by addressing potential issues before they become a violation. We offer a variety of services.

Repair Services: Mascott can replace your defective spill bucket assembly, Manways, Dispenser installs, concrete work, ATG equipment, Submersible-pumps and more.

FUEL POLISHING SERVICES

Gasoline, Diesel, Aviation fuels, Retail, Commercial, Marina, Airport fueling and Mission Critical sites. Mascott offers our customer all facets in fuel polishing services: Pump off fuel tank sediment, remove water, filter fuel, biocide treatments, and waste disposal.

COMPLETE ELECTRICAL SERVICES

Our electrical group is licensed and available throughout the Pacific Northwest to do all aspects of your fueling system electrical needs: Trouble-shooting, repair, and installation work outside on the forecourt, as well as inside your C-store.

- Canopy & Perimeter Lights
- ATG Install and Startups
- Internal Store Lighting
- Dispenser Installs
- Fuel System Controls

INTRODUCING STATION REFRESH

Pressure wash canopy decking, fascia, columns & kiosks. Clean light fixtures and replace bulbs as needed. Paint Island curbs, bollards, Kiosks, doors & trim. Re-stripe your parking lot & drive lanes. Mascott will wrap your dispensers keeping your electronic equipment and merchandise displays safe throughout the cleaning process. Service Contracts are available.

AVIATION FUEL SYSTEMS

Mascott incorporates the aviation industries leading equipment manufacturers in our fuel systems. From the design life cycle to fabrication to final assembly at your location, Mascott can help. We offer an array of fuel dispensing or storage system designs for Jet-A, Avgas, Mogas and Prist Injected Fuels. Our mission is to provide the highest quality fuel system designed for our customer's specific need.
